[Review it to make sure nothing jumped out on VOCs... I normally combined two data files into one for ease and renamed data file and summary report just so it was easier to recognize them.. You can see all of them on EPA osc site...](#)

Steve,

I'm keeping your seat warm!

Is there anything special you were doing with this information when you received it? Bill said you were trying to make it more readable?

I'll review, then send to ADH for review (Ashley, Alex, Carrie, Quinyatta, Kim, Lori, & Shirley)
Once they give me the OK, I send it to ADEQ to post (Kelley and Katherine)

I'll also be generating the Daily Bullets and send it to the list from prior bullets.

Anything else

Hope you made it back safely.

Heath Smith

Subject: Mayflower Raw Data PDFs and Summary Report 4/19/2013 - 4/20/2013

Our team was able to retrieve the data from the ML03 AreaRAE, so I have attached all of today's requested documents, including the Raw Data PDFs and the Summary Report.

which may be a computer program. This attached computer program could contain a computer virus which could cause harm to EPA's computers, network, and data. The attachment has been deleted.

This was done to limit the distribution of computer viruses introduced into the EPA network. EPA is deleting all computer program attachments sent from the Internet into the agency via Email.

If the message sender is known and the attachment was legitimate, you should contact the sender and request that they rename the file name extension and resend the Email with the renamed attachment. After receiving the revised Email, containing the renamed attachment, you can rename the file extension to its correct name.

For further information, please contact the EPA Call Center at (866) 411-4EPA (4372). The TDD number is (866) 489-4900.
